

Boston Financial Group, Inc.

Bankrolls Displacement

and Homelessness !!!

* **300,000 apartments are "at-risk" because the investors want to convert the housing from low cost rentals to high rent units or condominiums.**

* **300,000 families across the country are at-risk of being displaced or made homeless.**

* **Executives of the Boston Financial Group Inc, a multi-million dollar real estate investment firm, are leading the effort to overturn federal housing legislation passed by Congressman Joe Kennedy that protects the families from losing their homes.**

* **The owners and investors have benefitted from subsidies and tax shelters, and made massive profits and still they want more !!**

* **It's not a question of making money or not making money: it's a matter of balancing societies interests. Big, Fat & Greedy, Inc. is tipping the scales too far !!!!**

* **B.F.G., Inc., has a reputation for being socially responsible. Let's see them prove it !!!**

* **We call on Boston Financial and David A. Smith to:**

- 1- Stop fundrasing for the lawsuit !**
- 2- Drop the legal challenge that's attacking affordable housing !**
- 3- Cooperate with tenants and government to guarantee 100% permanent affordability !!**
